

SYNAPPX™
Simply Smarter Meetings

SPARK CREATIVITY AND INNOVATION WITH THE SYNAPPX COLLABORATION HUB EXPERIENCE

Today, your team members are on the road, working from home or right down the hall. To collaborate successfully, you need simply smarter meetings that spark creativity and innovation. This means making it easy for any user, no matter where they are working, to start, control and end meetings in a simple user-friendly way.

THE SYNAPPX COLLABORATION HUB EXPERIENCE DELIVERS:

CREATE DYNAMIC COLLABORATION SPACES

- » Mobile first, no laptop dependency
- » Works with Microsoft Teams, Zoom, Google Meet, and GoToConnect

LEAVE NO ONE BEHIND

- » Instantly connect with all audiences
- » Dynamically share content with all attendees

SIMPLIFY MEETINGS

- » Tap to start (no login required)
- » Meeting control at your fingertips

The Synappx Collaboration Hub Experience encourages dynamic collaboration from start to finish, all from the comfort of your phone.

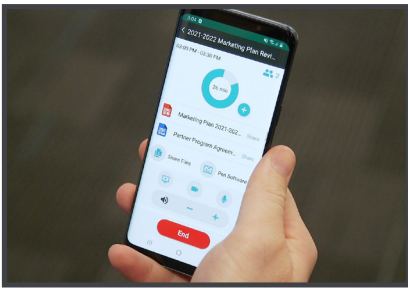

HOW IT WORKS:

STARTING THE MEETING

Instantly engage with audiences and establish connections.

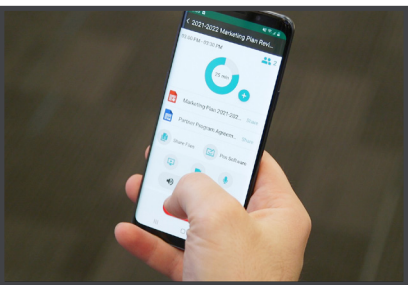

- » One tap to start your scheduled meeting or ad hoc meetings
- » Your web conference automatically opens and begins on a meeting room display
- » Automatically connect to in-room audio and camera

DURING THE MEETING

Share, control and present with ease from the comfort of your phone.

- » Easily control the web conference including the microphone, camera and screen share from the Synappx mobile app
- » Share your files from your cloud storage (Microsoft Teams, OneDrive, Google Drive, etc.)
- » Access invite attachments, web pages, files from email or texts
- » Share and control content right from your mobile phone

ENDING THE MEETING

No need to worry about disconnecting, one tap and Synappx does it for you.

- » End web conference session
- » Close shared content
- » Bring the input back to default (if configured)

Synappx applications support Google and Microsoft environments. Download the Windows app for Synappx Meeting from the Windows Store. Download the Synappx Go app from the Apple App Store or Google Play. For full specification and supported environment as well as system requirements, see the Synappx Support Site.
